## Independent inspection of youth offending work

**EMBARGOED UNTIL 00:01 – 14 OCTOBER 2009**

**PUBLICATION OF INSPECTION REPORT**

**Inspection of Youth Offending work in Blackburn with Darwen**

The latest inspection report of Youth Offending work in England and Wales was published today. Alan MacDonald, Assistant Chief Inspector, said:

“This Core Case Inspection of youth offending work in Blackburn with Darwen took place as part of the Inspection of Youth Offending programme. We have examined a representative sample of youth offending cases from the area, and we have judged how often the Public Protection and the Safeguarding aspects of the work were done to a sufficiently high level of quality. Our findings will also feed into the wider annual Comprehensive Area Assessment process.

Over the area as a whole, we judged that the Safeguarding aspects of the work were done well enough 81% of the time. With the Public Protection aspects, work to keep to a minimum each individual's *Risk of Harm to others* was done well enough 64% of the time, and the work to make each individual less likely to reoffend was done well enough 79% of the time.

Overall, we consider this a very encouraging set of findings”
